Havilah Resources reports back on 'impressive grades' from recent drilling at Kalkaroo

Havilah Resources Ltd (ASX:HAV) technical director Dr Chris Giles discusses with Proactive's Andrew Scott further gold assays from its shallow gold resource drilling within the confines of a conceptual starter open pit at West Kalkaroo in South Australia.

He says drilling continues to produce higher than expected gold grades in the saprolite gold and native copper zones.

Drilling will continue for the foreseeable future in strict adherence to COVID-19 health directives issued by the South Australian Government.
